

The Monsenso Advantage Partner Programme

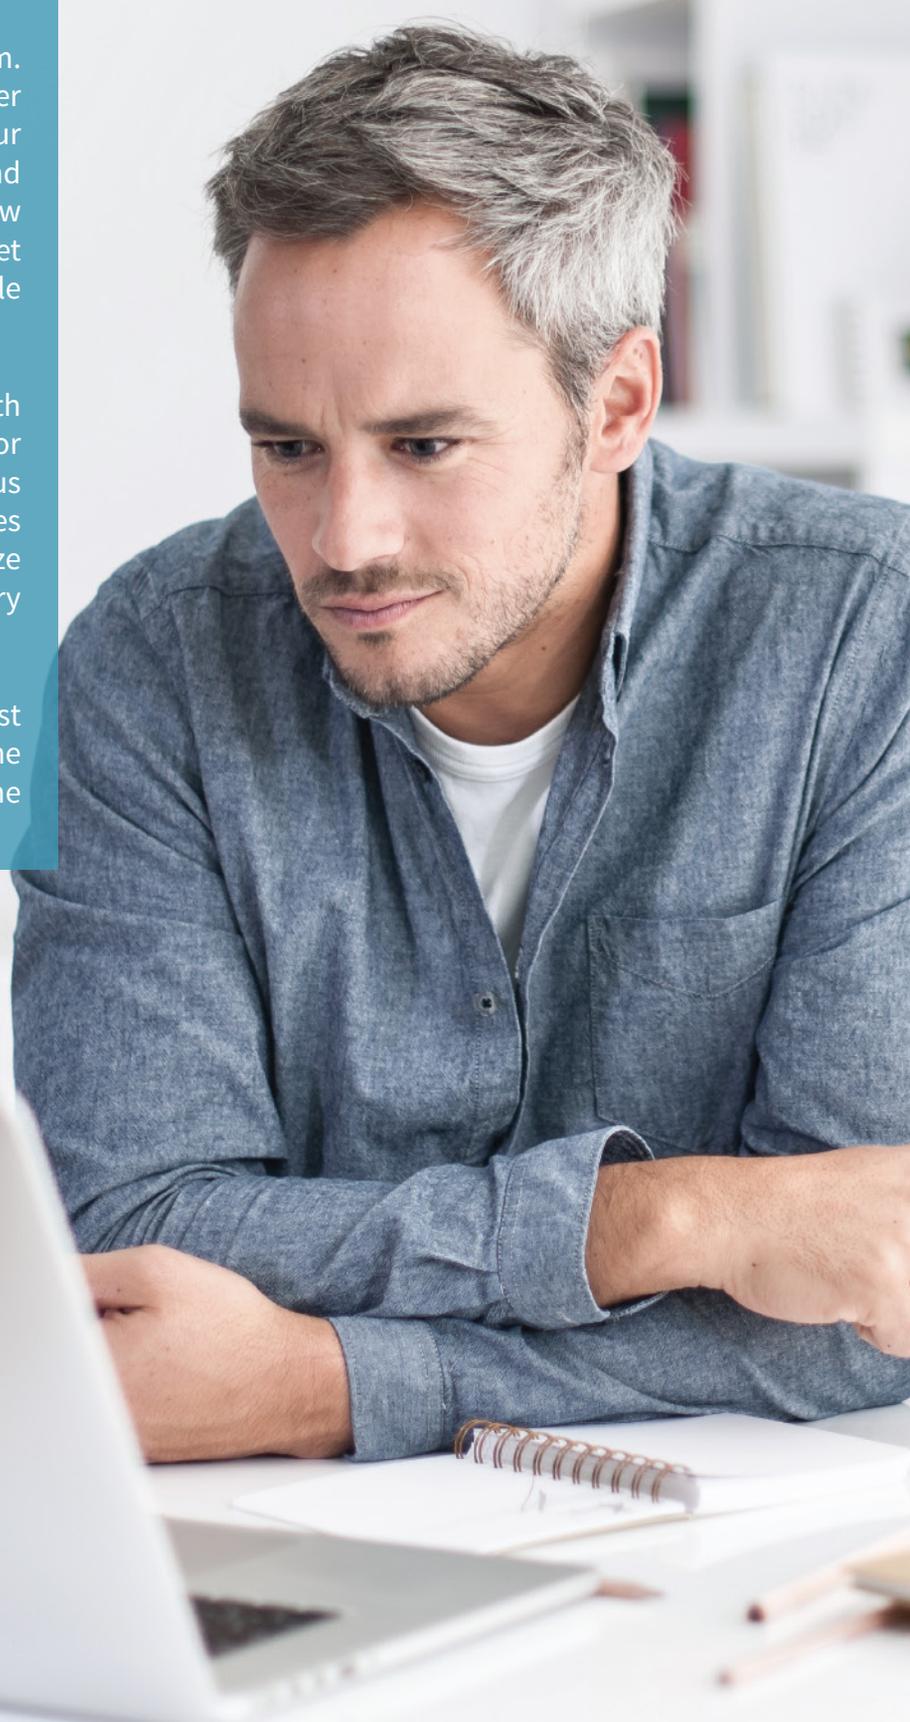

The Monsenso Advantage Partner Programme

Unleash your true potential

Nothing beats playing on a winning team. Joining the Monsenso Advantage Partner Programme gives you access to our innovative mHealth solutions, support, and services. The programme also grants new opportunities to obtain a greater market share, and it allows you to integrate and scale other products with our offering.

Open more doors and close more sales with the industry's best-in-class solution for mental illness. Supported by continuous research and development, joining forces with Monsenso helps you increase the size and scope of virtually every sale, and every customer relationship.

To win, you need partnerships based on trust and a shared vision for success! With the Monsenso Advantage Partner Programme you can unleash your true potential today.

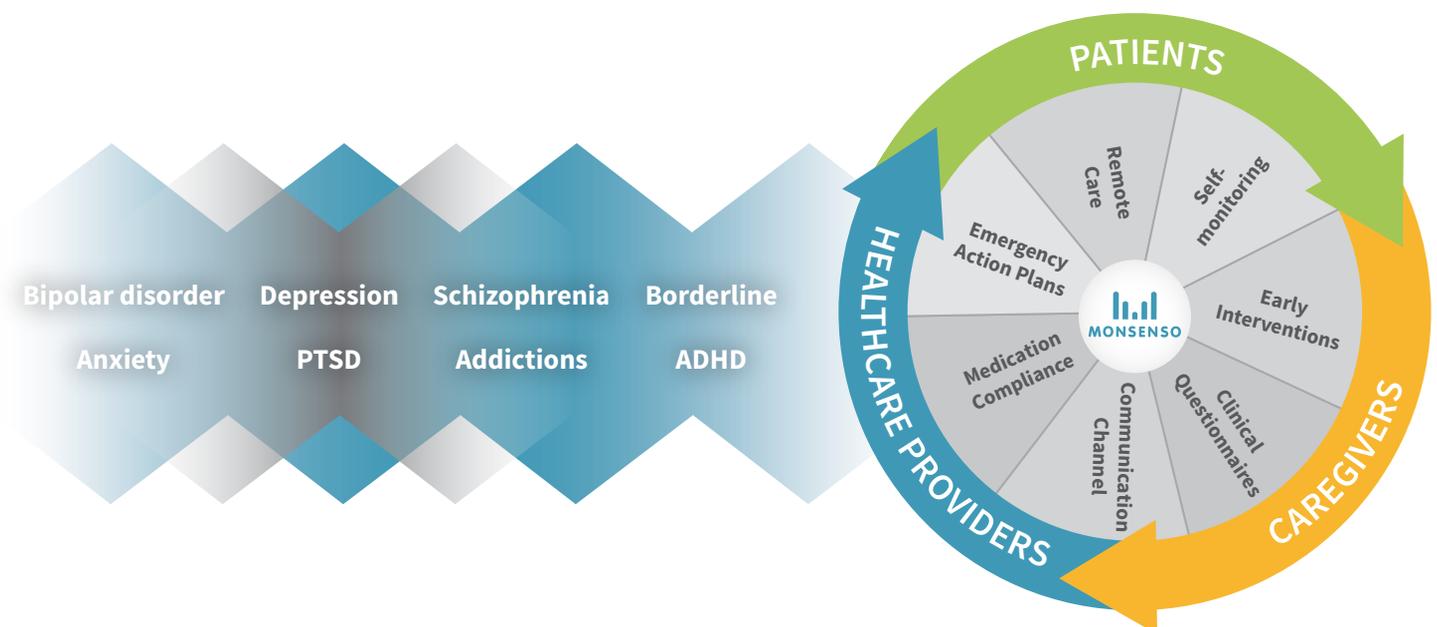

Welcome to the Mosenso Advantage Partner Programme

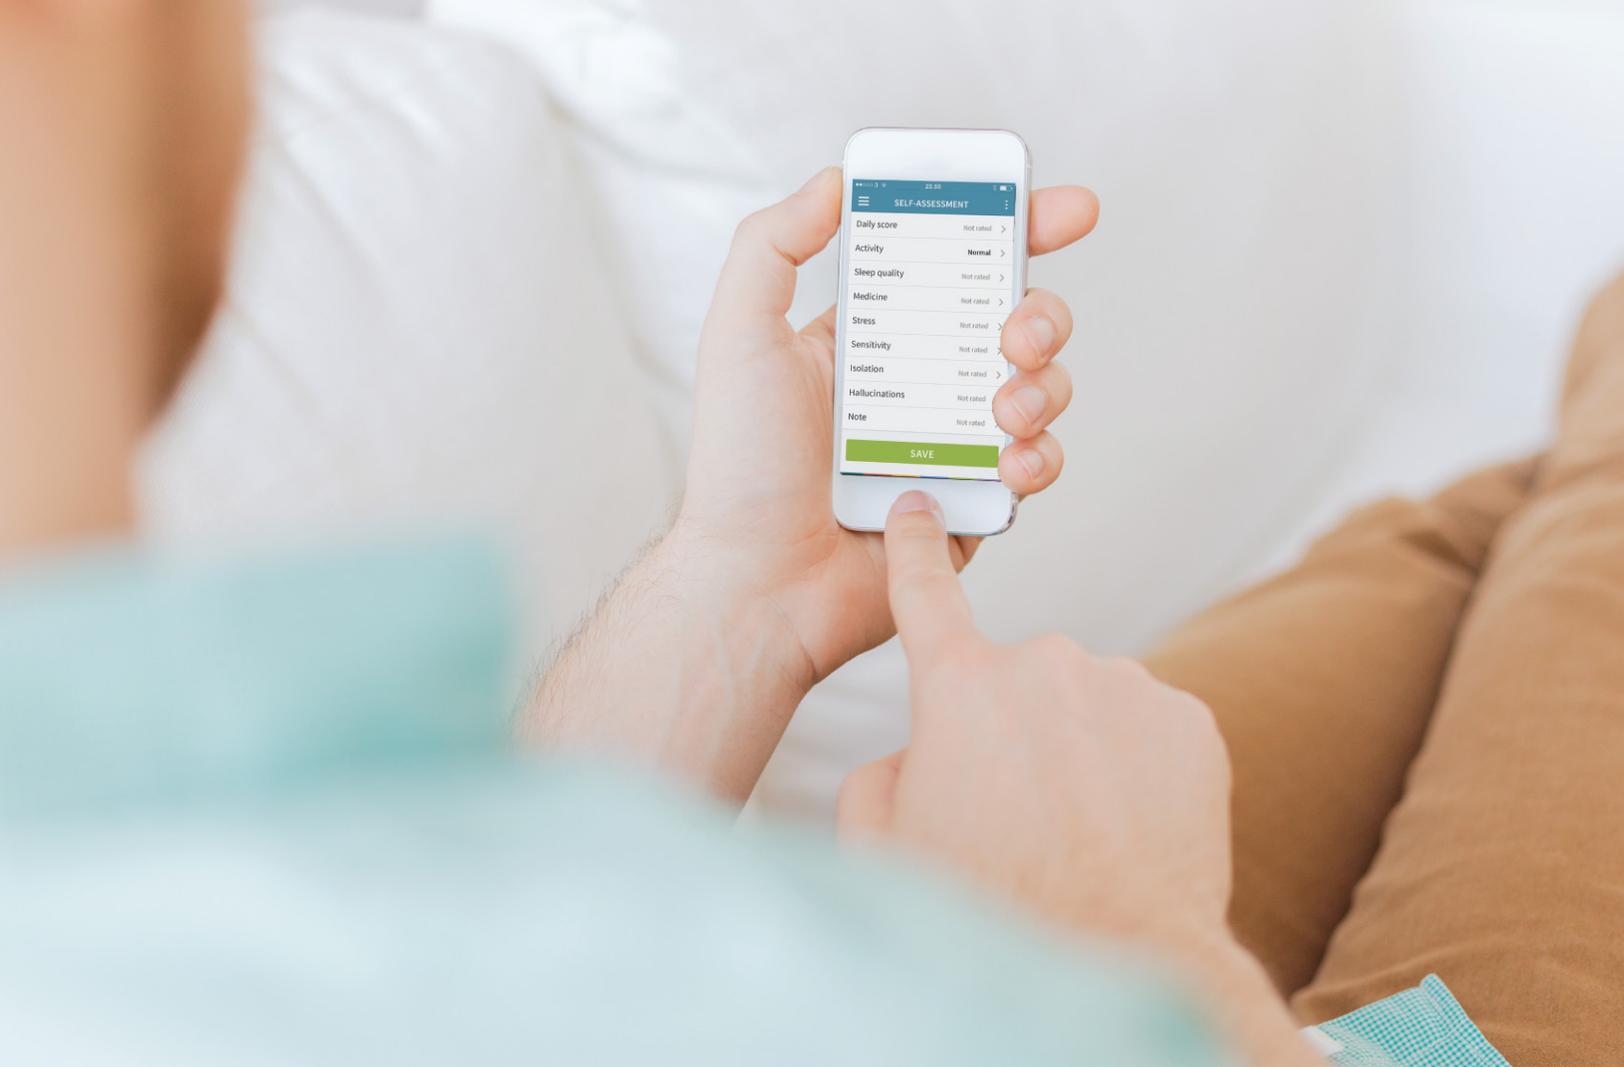

Mosenso is an innovation leader in mobile health (mHealth) solutions for mental illnesses. Our mission is to empower and inspire individuals, clinicians and care providers, to improve mental health and help society overcome the burden of mental illnesses. Based on continuous research and development, we design innovative solutions that fit the lives of individuals, helping them cope with their illness and increase the efficiency of their treatment.

Through self-monitoring and collection of behavioural data, we provide individuals and healthcare providers with a detailed overview of the user's mental health state. By applying advanced data analytics, the Mosenso mHealth solution can detect behavioural patterns, correlations, and even predict future states - all in order to support a better mental health insight.

Partners play a significant role in Mosenso's success worldwide. We believe in building trustworthy relationships, and with our Advantage Partner Programme, we can reward our partners' commitment and performance.

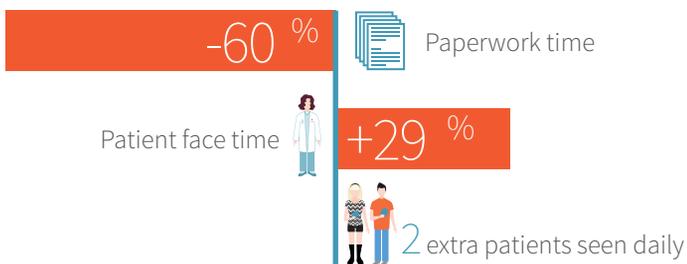

The Mosenso Advantage Partner Programme offers your company the possibility to deliver innovative, best-in-class solutions to patients, healthcare providers and researchers, helping them to overcome the burden of mental illness.

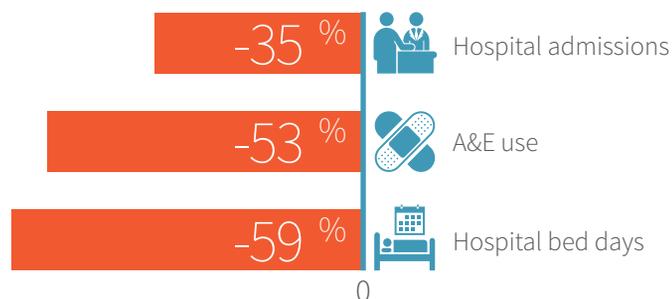

Evidence that health technology benefits care providers

A mobile working solution for community nurses

A telehealth hub across 210 care homes

Evidence that health technology benefits patients

Patients using technology to manage their COPD:

Why partner with Mosenso?

The Mosenso mHealth platform includes a triple-loop treatment model that connects patients, family carers and care providers. Our solution is configured to support the treatment of most mental illnesses and it can also be configured to meet specific clinical needs.

The Mosenso mHealth solution is a class 1 CE marked product; therefore it is considered a medical application, elevating itself from other mental health applications available.

The Mosenso Advantage Partner Programme helps you access new markets by enabling you to offer Mosenso's innovative solutions to your customers.

As a registered Mosenso partner you will benefit from:

- Our commitment to providing you with state-of-the-art research-based mHealth products and services
- A structured program with benefits tied to commitment, focus, and effort
- Incentive-based programs ensuring deal registration and net-new customer advantages
- Training certification for sales, consulting and services
- Web-based access to latest product information, sales collateral, and pricing information
